Bishop Jaggard. The services are continued in Christ Church Wednesday morning, and in St. John's Church, corner of Plum and Seventh streets, Wednesday morning.

M. D. HANOVER, Esq., formerly a prominent member of the Cincinnati Bar, and afterward managing proprietor of the STAR, has taken up his residence in New York City, and resumed the practice of law with Henry Parsons, Esq., at 117 Nassau street. Mr. Parsons has for years been a successful practitioner in New York, where he enjoys an enviable reputation. We hereby congratulate him on his good fortune in being associated with a gentleman of such ability as M. D. Hanover.

At a meeting of the Work-house Directors, yesterday, on motion of Mr. Munson, the Superintendent was empowered to furnish the contractors with such men as they need and at the same prices as under the present contract. A committee consisting of Messrs. Paxton and Neave was appointed to prepare a bill to be presented to the next Legislature providing for a change in the State law by which the Work-house shall receive pay for keeping prisoners who come from places outside of Cincinnati.

The Water-works Board. City Solicitor Strong has been consulted by the above named Board on the question "Whether the Board could sell \$200,000 of the bonds at par to the Park Board as an investment in the Burnet Woods Concert Endowment?" He gave it as his opinion that the investment could be legally made. A resolution was then passed to invite proposals for the purchase of \$250,000 of Water-works bonds, and that the remaining \$50,000 be exchanged at par for the \$50,000 donated by Mr. Wm. S. Groesbeck for the Burnet Woods Park Concert Fund. The Secretary was then instructed to advertise for ten days for proposals to purchase the remaining \$250,000 Water-works bonds.

Man Killed. Last evening between six and seven o'clock the engineer of a switch engine on the Hamilton and Dayton road, near the Sixth-street depot, noticed a man on

the track, walking in the direction of Mill creek. The usual signals were given, to which he paid no attention. Before the engine could be reversed, it passed over his body, killing him almost instantly. Soon after the occurrence, Coroner Maley was notified and held an inquest, the jury rendering a verdict in accordance with the above-stated. "There can be no one to blame for the accident." A letter was found on the body of the deceased, dated "Mineral City, Oct. 23, 1875," addressed "Dear Husband," and signed "Mary and Rene Campbell."

It was further agreed by the dealers to charge at the rate of thirteen cents per bushel in quantities of 100 bushels, and fourteen cents for less than that quantity.

The Visitors—Tour of Inspection To-day. The Philadelphia visitors bunched about our bowdlered streets to their heart's content yesterday, taking in all the points of interest in and about the city and suburbs, winding up last night at the Lookout House, where they disposed of a most magnificent lunch, which was tendered the party by the affable proprietor of the Lookout, Frank Harf. Prof. Sidensticker's band furnished delightful music for the occasion, which was one that will long be remembered by all.

This morning the hacks were trotted out bright and early, and the party, with Mayor Johnston and Alderman Voight at the head, began the buncce once more. The first halt was at Windisch & Muhlenbauer's brewery, a perfect paradise for Aldermen, were they—they well, they bunched up the second time at the stock yards and pork houses on the avenue.

The Work-house and House of Refuge will be inspected this afternoon, and finally Chester Park, where a luncheon will be prepared by mine host Clark. The party leave this evening on the 7:30 train for Pittsburg, en route homeward.

To the Ladies—Private and Confidential. The handsomest dresses in the way of dress goods are rich fabrics having woolen grounds and a satin brocade all over them. They appear at first glance to be all silk, are antique looking, and bear a close resemblance to the materials hitherto used for furniture and curtains.

The fabrics for wedding dresses are creamy white broadened silks and white silks with the faintest tinge of pink, covered with broadened white roses.

The newest plaid costumes are nothing if not gaudy. There's nothing like blending the colors of the rainbow into a waist and overskirt. Joseph's coat would be regarded as a very fashionable garment in these days.

Fewer founces are to be worn than usual. The overdress so nearly conceals the skirt beneath it that there is very little room for trimmings.

Cardinal red feelings are much used on dark silk and velvet dresses that are to be worn in the house.

Forty-one red-headed girls go to one school in New York. Prediction: Forty-one bald-headed men in the near future.

A fac simile of the Empress of Austria's fall bonnet was shown by a New York milliner. It was a felt of the new creme de cashmere shade, with aureole brim, piped with seal-brown velvet, trimmed around the crown with a Frou-Frou of cashmere lace, cream-colored silk and ostrich feathers, and at the sides with a garland of ivy leaves, elder blossoms and foliage.

GRATE POPULARITY. Dr. Price's Cream Baking Powder and True Flavorings, Nectarine, Rose, Lemon, etc., have been before the public many years and have gained for themselves, on their own merits, an extensive sale, both in this country and the British Provinces. Their great popularity is mainly due to the scrupulous manner in which they are prepared, the using of the purest and best materials, with special reference to their healthfulness. We never tire of using them for they are always the same. Articles in which they are used have no disagreeable odor or sticky taste, but are always enjoyable.
